In the dangerous and seductive Slaveworld, the girl who used to be Jenny is now coming to terms with her existence as a Treasure. She has been bought by the Prince of Wales and is also being enjoyed by his mother, the Queen. As her docile devotion and ability to orgasm almost endlessly win her more and more admiration, among the royal family and their courtiers there is increasing excitement about finding out more about our world. There might a be a lot more like her! Stephen Douglas is quick to notice that the latest series of slavegirls is not only cunning, but also beautiful. They are totally devoted to his every

whim, and will do just about anything to please him. Unlike those arrogant slaves who mocked him in the past, they have a new level of self-confidence and have learned the art of submission to any manner of abuse. Among the new beauties is one very special girl, Celsima, with the golden eyes of old, the young flesh of a virgin, and the ripe, juicy body of a juicy peach. It's a mystery who she is, but there's something about her that draws him in, the way she sings when he crushes her breast, and the way she cries out when she is being punished. Celsima has a purpose that all of these slaves share. They are to be sold - but for no ordinary client: he's a hundred years younger than her, and she has never been in his world before! This is going to be a dangerous, erotic game of sexual cat and mouse - and she is about to discover that her goals are anything but ordinary. Will she play the game, or will she resist his passion and run for the gates?
