Loader GX 4.3? How to update
USB Loader GX to latest
v1.0.0.2.exe version If you wish
to use the v1.0.0.2.rar file as a
backup, remember it is NOT a
NAND hack or NAND restore.
As the last step, you need to
extract its contents into a
folder on the SD card. You can
select the specific file type of
NAND (NAND boot or NAND
dump) in the SD card window

and unrar them with Winrar or 7-Zip. This is your USB Loader GX 4.3 Updated Version.rar file: . Extract the rar file with Winrar or 7-Zip. 1. Since you are using a PAL 4.3 Wii or vWii it is highly recommended to use the official USB Loader GX 1.0.0.2.7z file. The official forwarder WAD can be found here. This guide uses that version for "vwii" and "NAND boot". Read the [FAQs](#) for more information. USB Loader GX WAD Official (v.1.0.0.2) for PAL 4.3 Wii. This is a USB. 1.

Extract the USB Loader GX
WAD.rar file with Winrar or 7-
Zip. 2. Change the chinai
folder you extracted to into a
folder on the SD card, for
example /MiiPAL. 3.
